

be.tex lightex FR

Art.No. 4499-XXXX-26-BE

Description

be.tex® Lighttex FR is the improved display model, ideally suited for roll-up displays and banner. The smooth surface with the colour boost coating ensures brilliant colours. Once hung, it stays the way you want it to be - no rolling, no waves, no curling. Important: Run a print test! Many factors influence the textile during printing and application. All technical data were determined according to the current state of measurement technology and reflect the values of the measurement sample. Despite the highest quality standards, there may be production deviations – all information are legally non-binding and without guarantee.

Main Application

Banner
Display

Applications

Banner
Light boxes
Pop-up Displaysystems

Features

Good flatness
