

be.tex® Satin 140 FR

Art.No. 4166-XXXX-26-BE

Description

be.tex® Satin FR gives every brand a sparkle. This light and opaque display fabric is particularly suitable for retail use. Its colour boost coating and glossy surface allows colours to gleam. Also available as variant without flame retardancy. Important: Run a print test! Many factors influence the textile during printing and application. All technical data were determined according to the current state of measurement technology and reflect the values of the measurement sample. Despite the highest quality standards, there may be production deviations – all information are legally non-binding and without guarantee.
